

# European Partnership for Personalised Medicine calling for national and regional involvement

An information event by ICPerMed and ERA PerMed

May 31, 2021

# Joint Funding and Funding Opportunities in EP PerMed

Maria Cristina Nieto Garcia, ISCIII

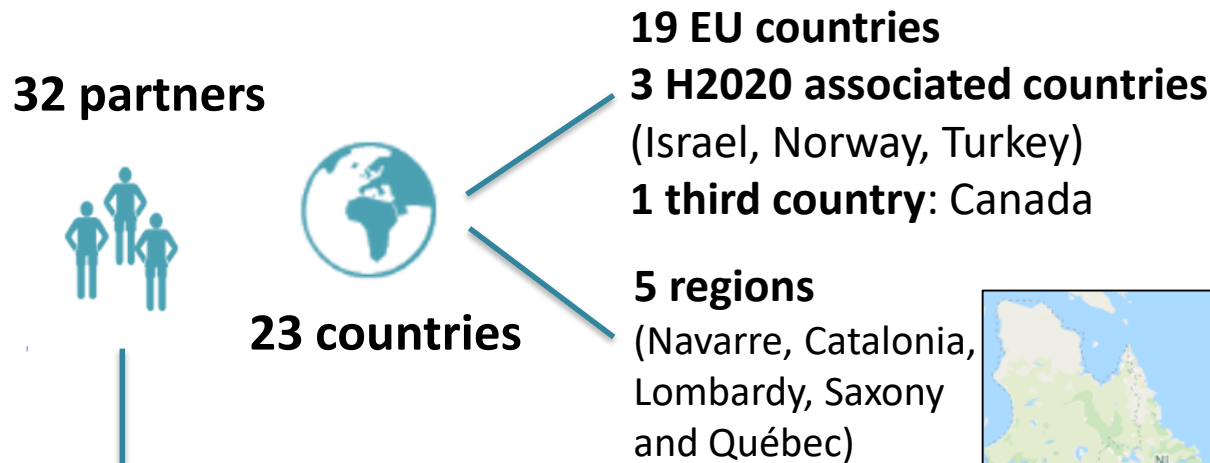

(Member of ICPerMed/ERA PerMed Preparatory Group)

# Funding PM research- a pathway for its implementation

- Funding research and innovation in PM field- a **key factor to ensure the development and implementation of PM.**
- **Background: ERA PerMed-** ERA-Net on Personalised Medicine.
- Different **Joint Funding Activities** could be developed in EP PerMed:
  - ✓ **Transnational, multidisciplinary research funding calls,**
  - ✓ **Networking calls,**
  - ✓ **Research Innovation and Technology Calls**

# ERA PerMed- ERA-Net on Personalised Medicine

- ✓ **Time frame:** 6 years (Dec 2017 – Nov 2023)
- ✓ **Consortium:** 32 funding organisations from 23 countries

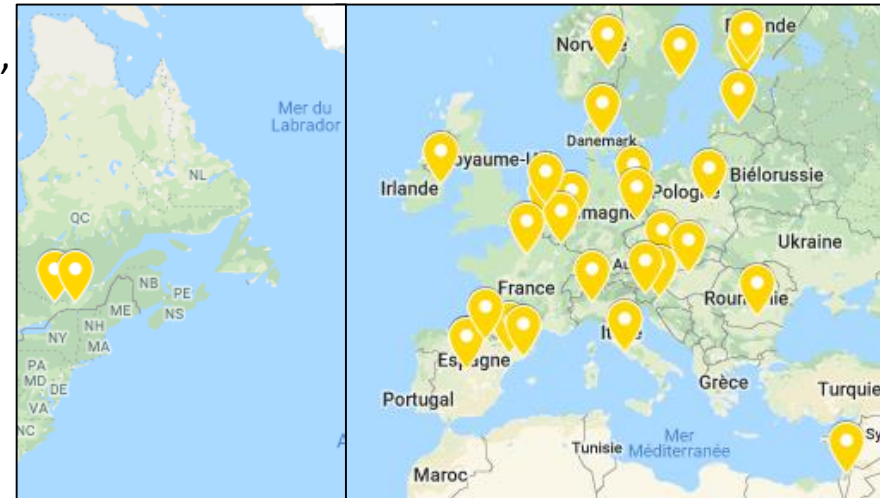

**The biggest ERA Net in health**

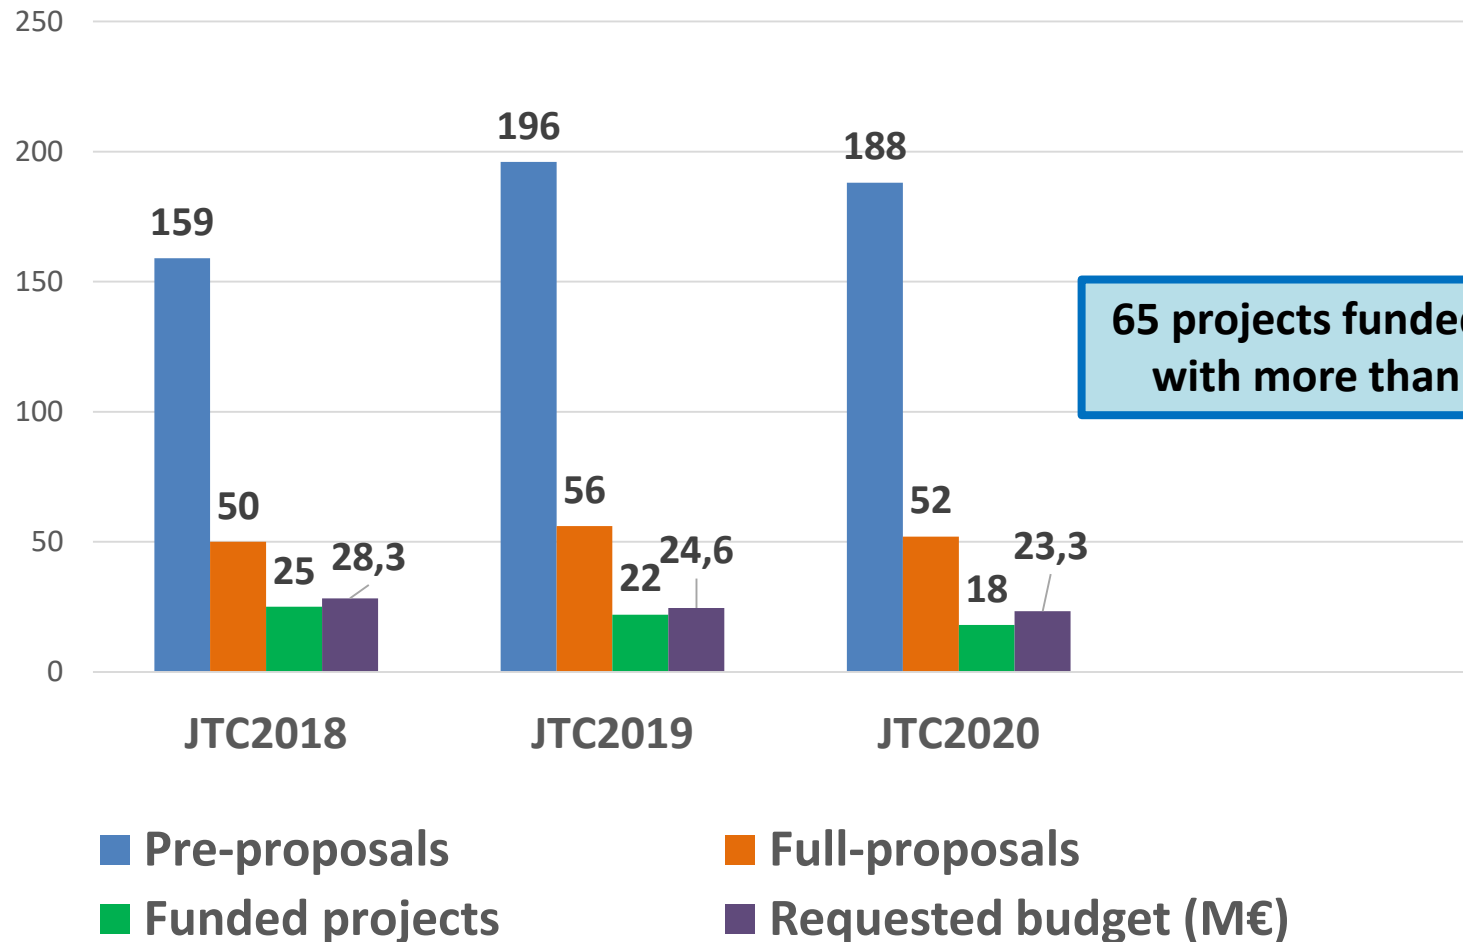

**Coordination:**  
**National Institute of Health Carlos III (ISCI), SPAIN**

**5 ERA PerMed CALLS: JTC2018-JTC2022**

# ERA PerMed Joint Transnational Calls

## ERA PerMed calls participation

## EP PerMed- Funding PM opportunities

- Supporting the PM science base through development of a **coordinated approach to research and innovation.**
- **Common PM Strategic Research and Innovation Agenda (SRIA)** to align research priorities with the needs of different health systems.
- Promote the investigation of **potential benefits of PM** approaches to citizens and healthcare systems.
- Direct funding of PM research and innovation over the **full value chain and covering all key areas of PM.**
- Involving **all funders and stakeholders** and motivate **national and regional funding** agencies to launch local investments in PM.

# Transnational and multidisciplinary research funding calls

- **Promote PM research and foster innovation.**
- Support **multidisciplinary research projects** in PM field.
- **Promote excellence in peer-reviewed** transnational calls.
- Allow access to **infrastructures, databases, platforms...**
- Develop new and maintain existing **transnational collaborations**, including non-European countries.
- **National / regional coordinated** efforts and synergies.
- Annual calls to ensure **continuous funding**.

# Transnational and multidisciplinary research funding calls

- **ERA-Net like calls** launched annually (based on ERA PerMed).
- Up to three **EC co-funded** Joint Transnational Calls.
- **3-year long** multidisciplinary research projects.
- **2-staged and peer-reviewed** transnational calls.
- **Flexibility, Scientific committee** consultation for call scopes.
- Additionally **non-cofunded JTCs** or smaller multilateral calls.
  
- **FUNDERS:** Members and partners of EP PerMed, other interested funders.
- **Virtual “common pot”**

## Networking calls

- **Multidisciplinary new collaborations** to promote PM knowledge sharing among PM key players with different geographic and research origin.
- **1-2 years** funding period.
- Expertise clusters to develop **guidelines, documents, white papers, best practices and recommendations.**
- Identification of **critical aspects** and those **potential solutions** that could ensure PM implementation and knowledge transfer to reach the market.
- Innovative collaborations to **bridge the gap from research to market-access.**
- **FUNDERS:** Members and partners of EP PerMed. Participation from EU13 countries or other underrepresented countries will be encouraged.

# Research Innovation and Technology Calls

- Connecting experts from different PM fields to develop **high-TRL innovative PM solutions**.
- Outcome: innovation projects towards **starts-ups funding** and commercially viable **products and services**, ready for their translation to the **market**.
- **Scale-up local pilots** up to interregional or transnational level.
- **FUNDERS**: regional and national funders interested in start-up funding and high TRL. Seeking the participation of **industry as funding partners**.

# Thank you for your attention !
