

## ICPerMed Training Event: “Personalised Medicine Research: Ethical and Legal aspects of Biobanking and Data Management”

October 10<sup>th</sup>, 2022; 9:30 – 17:00h CEST, online

### Event Description

Course aimed at training health professionals and personnel dedicated to biomedical, technological and scientific research. The event will deal with the main issues concerning the establishment and management of a biobank of biological samples, and the data associated with them, giving ample space for practical, organizational and scientific aspects. The event will be carried out through lectures with the participation of external teachers, leading experts in the sector.

### Our Aims

**General training objectives:**  
The event aims to increase knowledge regarding the establishment and maintenance of a Biobank and at the same time for data management. This event will give ample space to the scientific, organizational-managerial, regulatory aspects and related to the privacy and security of samples and data.

**Specific training objectives:**  
At the end of the event the participants will be updated and trained in this specific sector, so as to bring as a result greater knowledge and updating on all the main aspects of biobanking, and a greater understanding of the value of structured data, of their usability in the most varied scientific sectors, also given the presence at the course of the leading experts in the sector.

**Reference training scope / objective:**

- evaluation, and improvement of the management processes of biomedical research.
- effective internal, external communication with the patient. privacy and informed consent
- bioethics and ethics

### Invited Speakers

**Luca Sangiorgi (IT):** Director of the Complex Structure: Rare Skeletal Diseases – Istituto Ortopedico Rizzoli

**Barbara Parodi (IT):** Executive manager of the Biological Resource Centre of the Ospedale Policlinico San Martino in Genoa, Italy

**Maria Grazia Daidone (IT):** Investigator – Fondazione Istituto Nazionale Tumori Milan

**George Dagher (FR):** Senior investigator (Directeur de Recherche) - Inserm

**Lorena Casareto (IT):** Project manager of national and European networks in the field of biobanking and rare diseases at Istituto Ortopedico Rizzoli

**Marina Mordenti (IT):** Senior Researcher and Registry Manager at Rare Skeletal Disorders Department of Istituto Ortopedico Rizzoli

**Paola Facchin (IT):** Coordinator of Rare Diseases of the Veneto Region

**Monica Mazzucato (IT):** Member of the Coordination DPT of Rare Diseases of the Veneto Region

**Jaime Fons-Martinez (SP):** FISABIO as scientific project manager and researcher in the project i-CONSENT (H2020)

## ICPerMed Training Event: “Personalised Medicine Research: Ethical and Legal aspects of Biobanking and Data Management”

### Draft Agenda

**09:30-09:45**

**Registration of participants**

**09:45-10:00**

**Welcome ICPerMed and Introduction**

Speakers: Luca Sangiorgi (IT)

**10:00-10:45**

**Session 1**

***Samples & BioBanks the Infrastructure***

Speakers: Barbara Parodi (IT)

**10:45-11:30**

**Session 2**

***Biobanking: training and definition of  
competencies for the next generation***

***Biobankers***

Speakers: Maria Grazia Daidone (IT)

**11:30-11:45**

***Coffee break***

**11:45-12:30**

**Session 3**

***Biobanks and quality Management***

Speakers: George Dagher (FR)

**12:30-13:15**

**Session 4:**

***Example of Biobank network in the Rare Disease  
environment***

Speakers: Lorena Casareto (IT)

**13:15-14:15**

***Lunch break***

**14:15-14:45**

**Session 5**

***Data interoperability and FAIR principles***

Speakers: Marina Mordenti (IT)

**14:45-15:30**

**Session 6**

***Data and Registries: Ontologies***

Speakers: Paola Facchin (IT) and Monica  
Mazzucato (IT)

**15:30-15:45**

***Coffee break***

**15:45-16:30**

**Session 7**

***The informed consent process and the  
importance of interaction with donors.  
Perspective of the i-CONSENT project***

Speakers: Jaime Fons Martinez

**16:30-17:00**

**Q&A, conclusions**

### Participants

Researchers, Health Professionals

### Logistics information

October 10<sup>th</sup>, 2022  
9:30 – 17:00 CEST  
online
